

SUPERIOR ANTI-SPATTERS

TECHNICAL DATA SHEET

APPLICATION

Part of a complete work surface and nozzle tip protection system. Used in conjunction with the WCI™ family of anti-spatter products and pretreated welding wire lubrication pads, WCI™ Superior Tip Dip outperforms wax-based methods by providing a highly refined, superior, petrolatum-based material.

SNTD SUPERIOR NOZZLE TIP DIP

FEATURES / BENEFITS

Ready to use, non-stick formula intended for external welding system applications, will not cause porosity. Prevents adhesion of weld spatter, thereby freeing up spatter from the workpiece, tooling, nozzles and contact tips. WCI™ Superior Tip Dip reduces and/or eliminates the need to wire brush or grind welded surface areas, saving production time. Simply dip parts such as MIG welding nozzle, tools, and contact tips into the wide mouth container for instant parts protection.

COMPOSITION / PACKAGING

WCI™ Superior Tip Dip does not contain silicone or chlorinated solvents in the formula, is fully biodegradable, odorless, and environmentally safe. Does not contain materials that will act as primary skin irritants, skin sensitizers, or produce any other dermatosis. Does not contain ketones, aldehydes, or alcohols as components in the formulation. Product is non-toxic and nonflammable.

WCI ITEM	BARCODE	CONTAINER TYPE	QUANTITY	NET FILL
SNTD-160Z	81004830-007	round jar	12 packs per carton	16 oz. nominal
SNTD-1GR	81004830-008	round metal can	4 cans per carton	1 gallon

SHELF LIFE

Five years from date of manufacture. Lot number is in human readable form (YYYYMM####), with the last four digits being the batch number within a given month.
