FEATURES / BENEFITS

Ready-to-use pads save time and money by quickly and securely clipping on to wire feed units before liner conduit entry. By cleaning welding wire prior to use, WCI™ Superior Welding Wire Lube Pads reduce liner friction through improved feed, decrease back burn and optimize welding operations. Pads can be re-lubricated for extended pad life. Ready-to-use high quality lubricating solution provides superior weld surface protection.

COMPOSITION / PACKAGING

Ready-to-use pads are formulated silicone-free, using high quality, vendor certified, raw materials. Product is noncorrosive, does not contain chlorinated solvents or flammable materials in the formulation.

SHELF LIFE

Five years from date of manufacture. Lot number is in human readable form (YYYYMM####), with the last four digits being the batch number within a given month.
